Where's Your Seafood From?

We follow Australia's new rules to keep things clear and simple:

A = Australian

I = Imported

M = Mixed

Look for these letters next to each fish item so you know exactly where your seafood comes from. Easy, transparent, and helps you choose local when you want to!

*Whilst we make every attempt to ensure the labelling of recipes and ingredients accurately lists all ingredients used, we cannot guarantee our ingredients are 100% free of allergens due to the potential existence of trace allergens in the working environment and supplied ingredients.
